

मंत्रालयीन विभागांनी त्यांच्या अर्थसंकल्पीय तरतुदीच्या अर्धा टक्का निधी ई-गव्हर्नन्ससाठी वापरण्याबाबत.

महाराष्ट्र शासन
माहिती तंत्रज्ञान (सा.प्र.वि.) विभाग
शासन निर्णय क्रमांक: मातंसं/नस्ती २०१०/प्र.क्र.३४/३९

७ वा मजला, मंत्रालय
मुंबई - ४०० ०३२
तारीख: ३ मे, २०१४

वाचा :-

- १) शासन निर्णय, सामान्य प्रशासन विभाग क्रमांक: मातंसं/नस्ती २०१०/प्र.क्र.३४/३९ दि. २०/०४/२०१०
- २) शासन निर्णय, सामान्य प्रशासन विभाग क्रमांक: मातंसं/नस्ती २०१०/प्र.क्र.३४/३९ दि. १०/०६/२०१०

प्रस्तावना :-

शासनाकडून जनतेला देण्यात येणाऱ्या सुविधा जलदगतीने विनासायास आणि किफायतशीरपणे देण्यात याव्यात या करिता, मंत्रालयीन विभाग आणि त्यांच्या नियंत्रणाखालील क्षेत्रीय कार्यालये, मंडळे, महामंडळे यांनी ई-गव्हर्नन्सचा जास्तीत जास्त वापर करावा; त्यासाठी प्रत्येक मंत्रालयीन विभागांनी सन २०१०-११ पासून त्यांच्या योजनेतर आणि योजनांतर्गत एकुण तरतुदीच्या अर्धा टक्का इतक्या निधीची तरतुद ई-गव्हर्नन्स करिता करण्याच्या सूचना क्र. २ वरील संदर्भाधीन शासन निर्णयान्वये देण्यात आलेल्या आहेत.

नागरिकांना देण्यात येणाऱ्या ई-सुविधांची यादी संदर्भाधीन शासन निर्णयाच्या परिच्छेद (क) मध्ये नमुद केल्याप्रमाणे परिशिष्ट "अ" मध्ये दिलेली आहे.

क्र. २ वरील संदर्भाधीन शासन निर्णय निर्गमित केल्यानंतर मंत्रालयीन विभागांनी आपापपल्या विभागांकडून देण्यात येणाऱ्या सेवांच्या संख्येत वाढ केलेली आहे. त्यामुळे संदर्भाधीन दि. १८/०६/२०१० च्या शासन निर्णयातील परिशिष्टामधील सेवांची यादी अद्यावत करण्याची बाब शासनाच्या विचाराधीन होती. काळाच्या ओघात झालेले बदल विचारात घेऊन दि. १०/०६/२०११ च्या संदर्भाधीन शासन निर्णयासोबतच्या परिशिष्टातील यादी अधिक्रमित करून सुधारित यादी करण्याचा निर्णय शासनाने घेतला आहे. ही यादी नमुने दाखल आहे परिपूर्ण नाही. विभागांना आपल्या गरजेनुसार या यादीत बदल करता येतील.

शासन निर्णय :-

- १) मंत्रालयीन विभागांकडून देण्यात येणाऱ्या ई-सुविधांची अद्यावत यादी या शासन निर्णयासोबतच्या परिशिष्ट अ मध्ये दिलेली आहे. या यादीमध्ये प्राथमिक स्वरूपात असून त्यामध्ये भविष्यात बदल होवु शकतात.
- २) या शासन निर्णयान्वये केवळ दि. १०/०६/२०१० च्या संदर्भाधीन शासन निर्णयासोबतच्या परिशिष्टातील ई-सेवांच्या यादीमध्ये बदल केलेला आहे. शासन निर्णयाच्या अन्य तरतुदीमध्ये कोणताही बदल करण्यात आलेला नाही.

सदर शासन निर्णय महाराष्ट्र शासनाच्या www.maharashtra.gov.in या संकेतस्थळावर उपलब्ध करण्यात आला असून त्याचा संकेतांक २०१४०५०२१५३९४३११११ असा आहे. हा आदेश डिजीटल स्वाक्षरीने साक्षांकित करुन काढण्यात येत आहे.

महाराष्ट्राचे राज्यपाल यांच्या आदेशानुसार व नावाने.

(राजेश अगरवाल)

1. Common e Gov initiatives across departments by DIT

- Implementation of eTenders and eAuctions
- e-Office across Mantralaya, All Divisional Commissioner and District Collector offices, and All Directorates and Commissionerates by March 2015, and across all Government offices by March 2016
- Payroll – Rollout of Sevarth, Shaalarth and other variants so as to cover 100% staff, including aided schools etc. by March 2015
- HRMS modules built either on Sevarth or eOffice covering Recruitments, Seniority lists, Probation period confirmation, online ACRs, Leave records, Suspension and DE cases, Promotions, Retirement case papers, Employee Profile, Digital Service book etc.
- Capacity building - Training Need assessment; strengthening IT modules in 100 odd training institutes in the state; Online eGov modules; Virtual cadre; Conferences and classroom trainings
- Maintain top-notch SDC services on private cloud to various departments, with on-the-fly provisioning of resources. Also create staging environment for all technology stakeholders preferably on BSNL cloud
- Use of SMS, USSD, Mobile Apps
- Ensuring use of official email addresses by all Government staff
- Use of GRAS or MahaOnline Payment Gateway by all departments so that 100% receipts are by net-banking or credit/debit cards etc.
- Ensuring meaningful up-to-date websites of various departments and Districts, with proper Marathi front page, Accessibility, GIGW, and eGovernance standards
- CoE (Centre of Excellence) in Marathi to support all eGov initiatives
- Use of Construction Tracker Application in various departments
- Software Based VC across departments, directorates and District level offices
- Simplification of various Forms as part of e-district project
- EDS (Electronic Delivery of Services): Get all departments to offer at least 50% of services in electronic format by March 2015.
- Help Desk / Call centre support (CCC) – cover at least 25 citizen services across various departments by March 2015
- Use of Social Media and Social Media Analytics
- *UID/Aadhaar Innovation Lab*
 - Aadhaar Enabled services delivery for CSC, Setu Centres, IGR, RTO Mumbai, other Schemes with Aadhaar Authentication and eKYC
 - 2000 UID Permanent Enrolment Centres by March 2014 , crossing 10 crore enrolments by June 2014

- Leverage UID in Financial Inclusion
- Data de-duplication by BI within the database, by UID linkage and by comparison with other databases.
- R&D in face Recognition, Face Matching and ANPR: putting masked data and algorithms in public domain

2. Chief Ministers' Office

- Online complaint tracking system.
- CMRF (Chief Minister Relief Fund): fully online system for donations, and monitoring the activities taken out of this fund

3. GAD Protocol

- Preparation of Website for Protocol Section and Uploading of all the relevant information /Codes/Acts on the website
- Various IT initiatives at Maharashtra Sadan and New Maharashtra Sadan, New Delhi
- IT Initiatives for
 - Issuing Exemption Certificate
 - Issuing IDs to Consulates
 - Movement of VVIPs and VIPs
 - Booking of halls and rooms etc. at Sahayadri, Nandgiri and High Mount, State Guest Houses
 - ERP for Govt Transport Vehicle
 - Padmashri and other Awards
 - Ceremonial functions like Independence Day, Republic Day, Maharashtra Day
 - Event Management for functions like Swearing in Ceremony

4. GAD

- State-wide implementation of Bindunamavali application
- Mandating all applications for government jobs to be filed Online through MahaOnline portal, and also encouraging supervised Online exams.
- Computerisation of Government House Allotment, online application and allotment to government officers in Mumbai
- Computerisation of Sainik Welfare Board Activities
- Development of Right to Information website, ONLINE filing of RTI in all departments of Mantralaya by June 2014 and across the State by March 2015

- HRMS initiatives, Employee profile and Special projects, Management Information System
- Establishment of Information Commission : Automation of workflow for second appeals and complaints processing
- MPSC
 - New website to be developed or existing website to be enhanced and migrated to SDC
 - Development of in-house software for result processing
 - Development of in-house system for online examination
- MAT
 - Case management system at MAT (Maharashtra Administrative Tribunal)
 - Scanning and Digitisation, uploading of judgement in case management system/MAT's website

5. GAD - Chief Electoral Officer

- Integration with CSCSPV and MahaOnline for using CSC centres for providing Electoral services through these centres like addition, deletion, and update application of Election card and printing of Election I-cards.
- Cleaner Voter Lists by Big Data analysis, data-deduplication, Face Matching algorithm, use of GIS, linkages with UID etc.

6. GAD – Maharashtra Airport Development Corporation Limited (MADC)

- Project Monitoring System for infrastructure projects related to development of Airports covering aspects related to identification of land for acquisition, database and tracking for Project Affected People and compensation disbursed status, construction tracker for milestone based project status of each of the identified sites.
- Fund management like allocation, utilisation, projected utilisation for timely decision making.

7. GAD – Rajiv Gandhi Science and Technology Mission

- Upgradation of existing website and ensuring localisation of content through Marathi conversion of the website
- Online monitoring system for identification of projects, receiving online application for seed money funding, reports from funded projects/ institutes and status tracker of funds disbursed vis.a.vis benchmarks.

8. DGIPR

- Mobile app for MahaNews and Lokrajya
- Digital Library for Audio (AIR) and Video (DD) Programmes
- Centralized software for advertisements issued by various departments, for Tenders or Publicity

9. Marathi Language

- Department and allied offices Websites: Security audit, migration to SDC, better UI (User Interface)
- Interactive digitization of Marathi books: Citizens should be able to download these interactive books; integration with payment gateway
- Launching mobile apps for promoting/Learning Marathi language

10. Finance

- Integration of applications like BEAMS, Koshwahini, BDS,
- Updation Integration of GRAS with other applications
- Implementation of Paperless bills (Digitally signed) in Treasuries
- Bill Portal so that bills contain information which helps in analysing abnormal patters (too low or too high)
- Centralized Treasury Net software to be launched to cover sub-treasuries also
- Sevarth/Shaalarth 2.0 – Direct Single Hop transfer of salaries
- Implementation of Sevarth/Shaalarth in all the Departments with aided institutes especially in HTE, Education, Agriculture and Tribal Development Department
- Single Hop payments from treasury to beneficiaries, employees, pensioners and contractors
- E-Scroll from all banks for both payments and receipts
- Facilitating Pensioners by providing UID linked eKYC for yearly verification through Life Certificate
- Directorate of Insurance (DOI) software roll-out, so as to reduce visitor count to zero, 100% digitally signed insurance policies, and faster processing of claims
- End-to-end computerization of Sales Tax department , including, registration, returns, application for C forms and refunds.

11.Planning

- Development of Maharashtra Plan Schemes Information Management System (MP-SIMS)
- Integration with various applications with State Data Bank and provision of BI Dashboards for policy makers
- Expanding the role of MRSAC; training various officials across departments and districts in use of Maps; releasing many Maps and GIS data in public domain
- Web based application for MP/MLA funds

12. Law and Judiciary

- High Court – Arbitration Portal; Digitization of records; court fees through GRAS
- Law & Judiciary Department wants to revamp the existing website (including Notary information system)
- Video Conferencing (preferably Software based) across various Jails, Courts and Hospitals, so as to reduce Prisoner Movement
- Centralised Case Management System for Courts, Government Pleaders, Departments, etc. so that cases are monitored better, Relies and Affidavits and Appeals are filed in time

- Enhancement of Registrar of Partnership firm web based application making it fully e-transaction based and also creating a website; Scanning & Digitisation of the legacy records for Registrar of Partnership firms.
- Online tracking of appeals and cases

13. Social Justice Department

- Aam Aadmi Bima Yojana: Reduce manual intervention in the process (generation of LIC IDs, Scholarship disbursal) and integrating with UID, ensuring 20 lakh students get this benefit by Dec 2014
- eScholarship: Scholarship Management System, SINGLE HOP payments from treasury to Students, linking with UID

- Department Website: New vendor, Security audit and migration to SDC.
- Caste Certificate verification (E-Validity), Digitizing data of last 20 years (1995 onwards).
- Computerisation of Mahatma Phule Corporation and other corporations
- National Social Assistance Program (Sanjay Gandhi Niradhar Yojana, Indira Gandhi Old Age Pension Scheme and National Family Benefit Scheme) management system

14. Tribal Development

- Warehouse management system and e-Auction for MSTDC
- Computerization of its project offices (covering financial mgmt. modules)
- Solutions developed by Mastek to be made live
- Online payment of Scholarships and re-imburement of fees.
- System for issue and validation of Caste Certificate.
- School and hostel management system and scheme monitoring

15. Minorities Development

- Application for submission of proposals and disbursement of funds for infrastructure development in minority concentrated rural and urban areas, Single Hop payments
- Application for submission of proposals and disbursement of funds for basic infrastructure development in minority schools, junior colleges, I.T.Is and schools for handicapped.
- Application for Land Records under WAKF Board
- Computerization of Haj Committee, Urdu Sahitya Academy, Kabristan Land records
- Consolidation of information pertaining to schools and colleges with at least 70% population of minority students (Information Portal)
- Online application for free coaching classes
 - Selection of students
 - Selection of training institutes
- Online application for allotment of hostels to minority students
- Online application for police trainings
 - Selection of training institutes
 - Selection of candidates
- Databank that gives details about the Census based minorities' population with the languages known with tagging to the GIS coordinates. The said

databank would also have information regarding budgets and utilization properly bifurcated under relevant heads. The databank developed is expected to keep track of the status of girls' education after 7th Standard till graduation

- Application for Maulana Azad Loan Schemes
- Computerization of Admission Process for 2nd & 3rd shift of ITI and polytechnic educations
- Dashboard to Track Trainings
- Dashboard to track Prime Minister's 15 Point Programme
- Digitising Property Records, linking to GIS, Field photographs of properties and opening this in public domain.
- Application for Minorities Certificate

16. Water Resources

- Integrated Computerised Information System project under Maharashtra Water Sector Improvement Project
- Online bill tracking and payment
- Portal upgradation of WRD
- Payment gateway activation for online payments for farmers as well as contractors of WRD
- Integration of eJalseva with mobile (SMS integration), Sevarth, BDS
- e-Service Book implementation for entire staff of WRD by agreement with MahaOnline Ltd
- Integration of eJalseva with GIS (Geo portal) through WRD portal
- WRD services to be made available through Common service centres (CSCs) and Kiosks for citizens
- Emergency Early Warning System for Floods under Natural Disaster Information System

17. Rural Development Department

- e-PRI Mission Mode Project : Strengthening Financial Inclusion services offering through SANGRAM Kendras
- Development of web portal focussing Rural Development projects , state and national schemes information
- Improve the ICT at GP level by providing connectivity and mobile devices in order to facilitate Citizens of Rural Maharashtra in about 3000 Sangram Kendras which don't have proper connectivity.

- Implement Mobile based services in Maharashtra for Citizens in order to provide services to their doorstep.
- Working on the concept of making available global market for rural Maharashtra through India's first e-commerce application dedicated to rural Maharashtra (GramMart). This will generate additional revenue for PRIs.

18. Water Conservation Department

- Developing Department website
- Vidarbha Intensive Irrigation Development Program (VIIDP) monitoring by Software
- Developing integrated Watershed Management Programme (IWMP) – MIS Portal
- Employment Guarantee Scheme (EGS)/MNREGA
 - Improvement in Department website
 - 100% use of Electronic Fund Management System (EFMS)
 - Seeding of Aadhaar in Job Card – NREGA
 - Software for estimate preparation

19. Water Supply and Sanitation Department

- Development of web portal
- Development of Integrated GIS system (Integration of existing applications)
- Online monitoring of water supply works on the lines of construction tracker.
- E-Grievance
- Computerisation of activities of Maharashtra Jeevan Pradhikaran (MJP)

20. School Education and Sports

- Create DIGITAL content for classes 1-12 on open source platforms- open books on internet
- Child Tracking System
- Virtual Class Rooms for 1500 Secondary Schools under RMSA
- eScholarships are currently live for 3 Schemes, it needs to be extended to balance 5 Schemes, Single Hop payments
- Shaalath Roll Out to all 35 Districts.
- School Management System for all Schools with Centralized dashboard for department stakeholders to monitor compliance to Right to Education Act
- Online admissions.
- Online Uniform District Information System (UDISE) for all schools in the state

- Web Portal of all Directorates
- Core Application for Directorate of Sports with complete database of sporting facilities, coaches and sports personnel.
- MIS portal including Construction Tracker for monitoring and tracking development of world class sports infrastructure, cost of maintenance, employee data, funds generated by each complex etc.

21. Higher and Technical Education

- HTE Sevarth Roll Out to 4 Pilot Districts followed by a State Wide Roll out
- Dematting of Academic and Degree Certificates of year 2000 onwards in all the institutes of Higher Learning in the state
- Online Examination Management System for all the institutes of Higher Learning in the state
- Implementation of Library Management System for all the libraries under the Directorate of Libraries
- Implementation of MIS for Directorate of Higher Education
- Virtual Classrooms in all state Universities in Maharashtra
- Implementation of MIS application for Directorate of Technical Education, Enrolment to End Student, e-scholarships (including student portal and admission system)
- Website development for department of Higher & Technical Education
- Exam Reforms
- Disabled Students- Teaching methods, examination methods
- E-delivery of education (Webinar and Videos)
- Registration of application for Technical Colleges and Monitoring system.

22. Employment and Self Employment

- Up gradation of Maharojgar Application with Push/ Pull SMS, Payment Gateway
- Integration of HSC/SSC Board data with Maharojgar Application
- Connecting employment Services to CSCs and Sangram Kendras across the state
- Reinstalling the horizontal MSWAN connectivity in all 61 Employment offices
- To initiate Career Guidance & Counselling Centre activity through Maharojgar Application.

23. Revenue Department

- Comprehensive Management Information System (MIS) for Revenue Dept. so that Divisional Commissioner and District Collectors start analysing data and having meaningful discussions in their monthly Revenue Conferences with subordinate staff, rather than just having data collection exercise
- E-Monitoring of Gothan work
- Monitoring construction and repairs of various offices using construction tracking software
- Settlement Commissioner – Land Records Computersation, including eMojani, eChavadi, eMutation, eSurvey etc.
- Conversion of Cadastral Maps in to GIS maps
- Digitisation of old records
- Delivery of Services through CSCs

24. Relief and Rehabilitation

- Streamlining of data communication and data sharing between State, Division, District and Talukas
- Improved IT connectivity between all the stakeholders of the state during disaster management.
- Centralised system to collect digitized information on affected people.
- Relief payments through e-payment system
- E-registration of Marginal/Small/Other Farmers
- E-registration of Project affected persons

25. IGR (Revenue)

- Launch of e-Registration - Registration anywhere, anytime.
- Launch of iSARITA V2.0
- Digitisation of records before 1985 and to make it available on e-Search
- Data Cleansing of 1988 - 2002 data and to make it available on e-Search
- Premium facilities to citizens like printing of document on special paper
- Encourage e-payment and discourage cash handling in SRO
- Online history of SRO office.
- Online Valuation Calculator
- Standardisation of document templates
- Conversion of Cadastral Maps in to GIS maps
- E-Step In
- CD Smart Card alongwith registered document
- E-Frinking, e-Stamping, e-Registration

- Online Property Card

26. Forest Department

- E-auction of Tendu and Timber products.
- Updating of all forest related entries in Land Records and digitising all such data
- Forestry Applications: - Forest Protection and Management System including, Enhancement of Mobile based POR (preliminary offence report) application and development of new mobile based application (plantation application, monitoring application). Continuous enhancement in the already deployed application like (Key Result Area, Land Management system, Web-based POR application, E-green watch, Forest Conversation Act Application)
- Procurement of PDA devices and providing them connectivity through BSNL CUG plan.
- VSAT connectivity for places where internet connectivity is non-feasible.
- GIS implementation: - Digitization of Forest maps. Procurement of GIS base map. Imposing the forest map on procured GIS bas maps. Integration of forest application with GIS maps.

27. Medical Education

- HMIS (Hospital Management Information System) with strong patient focus to be introduced in all Government Hospitals.
- Online Medical examination form distribution and acceptance
- Online Management of Medical Colleges
- Online Scholarship and direct payment to bank accounts
- e-payment gateway

28. Food and Drug Administration

- Currently there are two websites, content to be migrated onto single website
- Up gradation of Labs (equipment, software, results, follow ups, online complaint system),
- Online issue of licenses

29. Public Health

- Support and Maintenance of Phase II Rajiv Jeevandayi Aarogya Yojna.
- Linkage of department MIS with Mobile data entry interface
- Telemedicine

- Patient Record Database
- Support & Maintenance of Phase II RGJAY scheme
- e-Ausadhi - Drug Inventory Management System by CDAC
- Hospital Management Information System (HMIS)
- ASHA and HBNC Module management system
- Health Advisory Call Center (102,104, 108)
- Court Case Management System
- Pre-Conception and Pre Natal Diagnostic Techniques (PCPNDT) application – ensuring 100% compliance by all clinics
- Construction Tracker- PHD and NHRM
- Software for Assessment of Disability Software (SADM)
- NHRM Performance Monitoring System
- Database of (Group A, B, C, D) and subsequent online transfer request.
- Revamping of PHD website, Pull SMS
- Availability of Doctors
- Birth Certificates linked to Local Bodies, so that before leaving the hospital, the Certificate is issued.

30. Women and Child Development

- Development of state level umbrella tracking system for women empowerment development and tracking.
- Monitoring application for Aanganwadis, Children Health and Education, etc. and linking all databases by using UID
- MIS for Domestic Violence Act and Manodahirya Scheme for women and children who are victims of Rape, sexual abuse, acid attacks etc.
- Web Portal / Information Management System

31. Environment Department

- End to end integration existing information portal of MPCB and online system for application and permission for getting all environmental clearances
- Consent Management System

32. Industries

- End to End solutions for Development Commissioner office for various Industry incentive schemes and having eTransaction based Citizen/Business centric services

- MIDC to undertake a larger system integration/roadmap of their existing applications in line with DoI and GoM IT Strategy towards the later part of 2014.
- Printing Press: Citizen Services like Name Change notification on eKYC for same day eGazette notification; Digitization of all published material; Roll out of eGazette
- Implementation and Upgradation of Package Scheme of Incentives.
- Implementation of Single Window System (e-Biz project of GoI)
- G2B online returns/MIS packages for IT parks, SEZ, BTAL, ELP
- End to End solutions for Mining sector

33. Labour

- Design, development of New portal: mahakamgar.gov.in
- Since Maharashtra project was stopped right now, Labour dept. is planning for the larger project in line with Mahashram where all departmental activities will be automated during 2014-15 including online registration of Companies, filing of returns, NOC etc.

34. Energy

- Selection of vendors for Smart Grid pilot project based on tender floated in 2013
- Implementing ERP for MAHADISCOM Ltd
- Distribution SCADA in 8 towns
- Use of IT in New Connections, disconnection and dismantling system
- Online bill payment system using CSCs, grievance handling system
- Single Window Clearance for Business

35. Housing

- Improvements in MHADA Lottery System
- Land Records and Allotments of MHADA to be digitized and linked with GIS and UID
- New website to be developed for housing dept

36. Urban Development

- End-to-end computerisation of Town Planning

- KDMC replication project in all municipalities to be made fully functional, with strong focus on internal finance computerisation as well as electronic citizen service delivery
- MMRDA -
 - Implementation of Smart Cities initiatives to ensure effective management of MMR
 - Implementation of ERP to integrate and automate processes
 - Implementation of GIS to support planning and monitoring activities in various infrastructure projects
- CIDCO – Backend computerisation, digitization of all records, Making all Receipts and payments fully on RTGS with full ownership of databases by CIDCO, simplified and computerised frontend for citizens, skill development schemes for PAP, pilot project for Smart Cities
- SMART Cities Concept

37. Tourism

- e-Tendering solution to be implemented all across the department
- Existing website with added features to be developed
- Online booking System and integration with e- payment gateway
- Comprehensive Tourist Map book already launched with MapMyIndia- now to launch Mobile Apps based on this

38. Food and Civil Supplies Department

- Digitization of Beneficiary Database –Verification in progress
- Issue of licenses of different types.
- Computerization of Supply chain management - In progress
- Setting up of Transparency portal and Grievance Redressal mechanism - completed
- Common Application Software of NIC
 - Depot Code Management System – This module has been completed
 - Stakeholder Identity Management System (SIMS) – This module has been completed
 - Existing Ration Card Management System (ERCMS) – Work on this module is in progress.
 - Food grains, Essential Commodities Assurance and Security Target System (Feast) - Work on this module is in progress.

- Online Ration Card Management System (CPDS) – This system is planned to be implemented
- State Consumer Forum
 - Digitisation at State Consumer Forum of all previous case papers and judgments; other IT initiatives there

39. Public Works Department

- E-Toll Naka – State-wide rollout of RFID based toll collection at all the toll nakas of the State in co-ordination with MSRDC.
- Integration of the NIT module of PWD's Information Technology Co-ordination Centre with the e-tendering portals being used by department.
- Online portal for planning, approval, implementation and monitoring of Roads and Building construction work in the State, construction tracker with stage wise monitoring of status and release of funds.
- Works and Inventory Management System
- E-Grievance

40. Agriculture

- VC facility to be made available at the State, Commissionerates and District offices
- Digitisation of documents
- E-delivery of education related to farming
- Agriculture Credit and Information System for farmers.
- Scheme monitoring system,
- Early warning system to farmers- weather
- MIS for Agriculture Marketing
- Improvement of Network at field offices
- Provide CUG facilities for all employees under single network
- Application for information regarding purchase of pesticides, equipment etc. by different offices
- Various Citizen Centric Services to be made available at CSCs

41. Animal Husbandry, Dairy Development and Fisheries Department
